- Mission Computers
- Air Data Computers
- 4th Generation IP Data Link Radio
- RLG Inertial Navigation Systems
- Moving Map

Naval Integrated Solutions:

- Enterprise Navigation Solutions (ENS)
- Multi-function Operator Console (MOC)
- Maritime Computerized Navigation Systems (C-MAN)
- Integrated Bridge Systems (IBS)
- ECDIS Systems
- RLG Inertial Navigation Systems
- FOG Inertial Navigation Systems
- MEMS Inertial Navigation Systems

Land forces solutions:

- **Fire Control and Navigation Systems for Artillery and Tanks**
- 4th Generation IP Data Link Radio
- C⁴I solutions for Artillery
- Rugged Tactical computers / Computer Display Units
- Rugged LCD Displays
- Targeting Systems
- North Finding Systems
- RLG Inertial Navigation Systems
- FOG Inertial Navigation Systems
- MEMS Inertial Navigation Systems

Ownership

Astronautics C.A. Ltd. is a wholly owned subsidiary of Astronautics Corp. of America.

Financial Data

Annual sales: \$15 million

Other Important Information

Leading Customers
