**A**utoCool Ltd. is Israel's leading manufacturer of customized Air Conditioning (AC) systems for commercial vehicles and trucks. Established in 1982, AutoCool develops, installs and services all its systems in-house. In addition, Auto-Cool develops and produces special AC systems for aviation, marine, military, and special applications.

## International Standards

All of the company's products comply with the requirements of the Israeli Standards Institute and ISO 9001, IQ Net, e-mark certificates, and conforms with the Safety Directives of the ECAS, tested by TUV South Germany.

## Leading Clients

AutoCool's client list includes such demanding customers as the Israel Defense Forces and most local vehicle importers, including Mercedes, Volkswagen, Renault, Ford, GMC, Toyota, Peugeot, Citroen, Fiat, Nissan, Hyundai, Land Rover, DAF, MAN, Kia, and IVECO.

## Growing Exports

Since 2007 export orders have been constantly growing, mainly to the European market. This is a result of the positive reaction to AutoCool's high quality products, and increasing appreciation by OEM and aftermarket customers.

## Skilled Workforce

AutoCool employs 112 people in its Engineering, R&D, Manufacturing and Service departments.

## Additional Product Lines

Additional product lines include Electrically Operated Door systems (sliding or pivoting), retractable steps for vans and minibuses, and transportation refrigeration cooling systems.

The company also manufactures vacuum forming and fiberglass products, used in commercial vehicles and buses.

The company has 22 service stations throughout the country and agents/distributors abroad.
