At the Forefront of Technology

Hermetix provides the experience of intelligent and high-end technology at the very entrance to your home. Thanks to a long line of ingenious developments, now more than ever, the company's doors offer an easier and more convenient experience for your front door.

Even the Burglars See Only Stars

The Standard Institute in Israel set 4 stars as the highest standard, a level every company aspires to reach, and only Hermetix has. "Let the burglars try somewhere else" is not just a slogan. It's a promise, and with a 5 year guarantee against breaking an entrance through our doors. We make sure to keep it.

Hermetix Locking Mechanism – A Paradigm Shift in Locking Strategy

Hermetix alters the rules of the game and offers for the first time, an up-to-date locking system strategically different from anything ever previously encountered. Hermetic locking – a series of highly advanced components from different parts

Crime Epidemic

The reality of the 21st century is that in every major city, a door is breached every few seconds. Even the newest door models lag behind with outmoded locking mechanisms that are virtually, defenseless.

35 Years R&D

Hermetix, assisted by the field's leading experts, conducted in-depth research on break-ins into office compounds and private homes. The research results showed that the field of door development has reached a dead-end, and that the existing technologies have been exhausted and proven ineffective. Reality demands an essential change in locking strategy. Hermetix provides that change exactly.

of the door synergize (strengthen and support each other) to create an absolute impenetrable locking system. Hermetix doors are constantly inspected to remain one step ahead of the burglars at all times.
