Subcontracting of Metal  
Parts  
Casters and Wheels

## Established

1973

## Leading Executive

Mr. Noam Peleg  
General Manager

**M**atechet Ma'ayan is a Limited Business belonging to Kibbutz Ma'ayan Baruch. Established in 1973, the company specializes in three major markets - Automotive; Subcontracting; and Casters and Wheels.

## Major Activities

### Automotive Division

Tier 1 and Tier 2 producers of metal parts, stampings and assemblies for the automotive industry. Customers include International Truck and Engine Corporation, Omen High Pressure Die Casting.

## Inventory of Equipment

- Various eccentric presses up to 400 tons
- Roll forming machines for a maximum of 2.5 mm thickness
- Fusion welding equipment
- Special assembly equipment
- Wire cut machine

The company's plant covers 3,000 square meters, with an additional open (unroofed) area of 5,000 square meters.

## Subcontracting Division

Quick turnaround and efficient production of metal parts, mainly for the plastics and OEM industry, including turnkey solutions from development to finished product.

## Castors and Wheels Division

Manufacturing of plastic and metal castors for the food industry and medical applications.

## Manpower

The company has 55 employees - eight managers, five engineering and production inspectors, five in sales and distribution personnel, three production and production management employees, and 34 general production workers.

## Quality and Standards

Matechet Ma'ayan complies with ISO 9001:2008 standards and is awaiting approval for TS 16949 qualification. All of the company's suppliers and contractors also comply with these standards.

## Annual Financial Turnover

Annual sales turnover is \$6.0 million. For the past four years Matechet Ma'ayan has increased its annual sales by 10% annually, mainly from export activity.
