Quality

High standards and top quality products are ensured by quality control tests at all stages of production.

International Standards

Ornit manufactures in compliance with IFI 114 and DIN 7337 standards. Ornit's dedication to performance excellence has led us to be awarded with the TS16949 and ISO 9001:2000 certifications.

Research and Development

Our R&D department is equipped with the latest technology and our highly experienced and knowledgeable team is ready to face any challenge. Their expertise provides our customers with ideal solutions for any fastening challenge.

Customers

More than 90% of Ornit's products are exported around the world i.e., Europe, Australia, South Africa, Far East, Latin America, and Ornit is the leader of fastening industry in the domestic market.

Ornit recently established a subsidiary company in the USA, Ornit Inc, to distribute our products throughout North America.

Ownership

Ornit is a private company full owned by Kibbutz Or Haner.

Seeking

OEMs interested in quality products and fastening solutions for all types of industries.
