

Plasel Ltd.

Established in 1993 and is a privately owned company. Manufactures high-quality injection- and blow-molded plastic products.

Our expertise extends to producing parts from specialized materials, injection molding of double components, over-molding and IML (in-mold labeling).

Our facility is equipped with automatic systems that increase efficiency at each stage of the production process.

We stay updated with new technology and advanced equipment.

From initial concept to finished product, Plasel combines cutting-edge innovations with highly ergonomic and breakthrough designs to produce excellent quality products that add value for its customers.

Plasel is ISO certified: 9001 (Quality Management), ISO 14000 (Environmental Management Standards), ISO 18000 (Information Technology AIDC Techniques-RFID).

Our modern buildings are located at Lavon Industrial Park in the Western Galilee.
