

Ditron Precision Ltd.

Line of Business

High Precision
Aerospace and Automotive
Machined Parts

Established

1968

Leading Executives

Mr. Ariel Zuhovitzky
CEO

Mr. Patrice Zamor
VP Sales and Marketing

Mr. Moshe Nisimov
COO

Ditron Precision Ltd. is a high precision machined parts supplier specializing in the production of precise, mission critical high volume parts.

- Manufacture of high precision machined components
- Precision assemblies (automated or manual) including 100% testing
- Application engineering
- High volume, automated lines for stability and repeatability

In the 45 years of operation, the objective of Ditron Precision has been to consistently provide the highest level of professionalism in Aerospace and Automotive production and component development.

Ditron Precision Ltd owns and operates out of a 6,000m² (60,000 sq. feet) state -of -the art facility.

reliability of its products. Our facility is certified to ISO 9001:2000, QS9000,ISO/TS16949 & ISO 13485 standards.

Among our clients

Robert Bosch Corp. and Robert Bosch GmbH, Delphi, General Motors, Navistar, Volkswagen, Magna, Daimler AG - Detroit Diesel Corp, ZFLS, TRW, MAN, Wabco.

High quality production technologies

- **Turning** – full CNC new multi-spindle and Swiss type turning. Diameters up to 42 mm
- **CNC Milling** – we use new and modern multi-axis CNC machines
- **Grinding** - highly accurate grinding operations reaching tolerances of 1 microns. Centerless, CNC and surface grinding
- **Sub assemblies** – specific tailor made automatic assemblies of complex manual assemblies
