

Flextronics Israel Ltd.

Line of Business

Electronics and Mechanical Contract Manufacturing

Established

1997

Leading Executive

Mr. Uri Bechor

With over 16 years of experience, 4,000 employees and 75,000 sq. m. (810,000 sq. ft.) the Israeli operation of Flextronics International Ltd. Is the leading electronics and mechanical contract manufacturer in Israel.

Leveraging global capabilities, from design resources to end-to-end, vertically-integrated, global supply chain services, we provide customized solutions for our OEM customers. We provide more value and innovation by offering both global economies of scale in procurement, manufacturing, and after-market services, as well as market-focused expertise and capabilities in design, engineering and ODM services. We design, build, ship and service a complete packaged product to our customers.

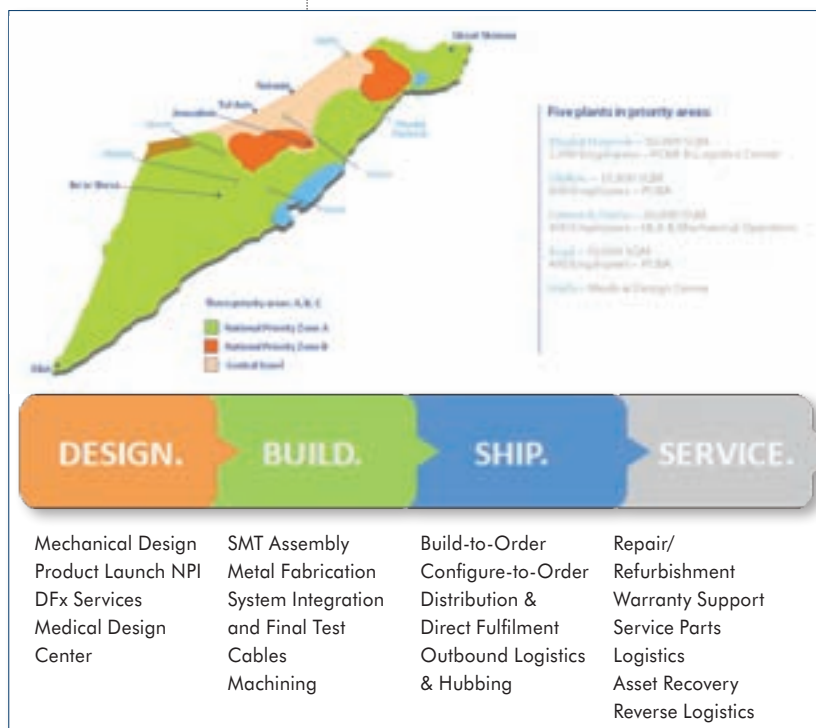

- Extremely focused on creating value to improve our customers' competitiveness
