Global Israel Group (G / IL) is a subsidiary of the international Canadian Corporate – Global Total Office, the fifth largest office furniture manufacturer in the world.

Global Israel is the only international office furniture company with local full scale modern manufacturing abilities, comprising of three local factories. Its modern, high standard, facilities serve Teknion and Global international customers in Israel, Europe and Africa. Global Israel is the largest in its sector and is responsible for many of the largest and most complex office furniture projects in Israel and overseas.

Teknion Global Israel operates three divisions: Teknion, Tzora and Magenli.

Tzora, a well known brand in the Israeli market since 1957, has been producing, importing and marketing comprehensive seating solutions for offices and for the educational and medical sectors.

Main products include: Task and managerial chairs; meeting room chairs; training chairs; soft seating; seating for cafeterias, laboratories and auditoriums, and more.

Magenli, the Sport and Special Flooring Division, supplies comprehensive internal solutions for sport halls, arenas and stadiums. The sport solutions include flooring, seating, telescopic tribunes, professional sport equipment, etc. Magenli also provides special floor covering solutions that are
