Automated Casting

Modgal has a modern and highly automated casting and machining facility with an annual capacity of 12,000 tons. The company specializes in medium and large production runs of high quality cast products made of ductile, malleable and grey cast iron. A modern equipped foundry with up-to-date advanced technologies, powder coating and hot-dip galvanizing facilities.

All our facilities are intended for reliable, efficient and quick response to the needs of the modern markets of today.

Areas of Specialization

- Thin wall Ductile Iron Casting
- Precision CNC machining
- Galvanizing and Powder Coating finishing
- Complex and precision machining
- Simulation Pouring Systems
- Surface treatments
- Assembly

International Standards & Approvals

Modgal is ISO 9001:2008 certified.
FM, UL, LPCB, VDS & CE.
