

# Sagiv

## Line of Business

Brass valves and residential pipe fittings

## Established

1970

## Leading Executives

Mr. Shay Shaltiel  
CEO

Mr. Gidi Gottlieb  
International Sales  
& Marketing

**S**agiv is one of the leading manufacturers of brass hot-forged products. The company is known for quality, reliability and diverse machining capabilities. Sagiv supplies pipe fittings, and a large variety of ball valves for industrial, residential and agriculture applications.

## SAGIV – Threefold Offering

The Sagiv offering is threefold: Sagiv Product Lines, Sagiv OEM & ODM (Original Design Manufacturer) services and Sagiv state-of-the-art pipe fittings system – the UltraSlide.

## Sagiv Product Lines

Sagiv offers multiple product lines in fields such as: Fluids & Air, Gas, HVAC, Solar Thermal, Pipe Systems, Caravan-RV utilities and more. Feel free to visit our website at [www.sagiv.com](http://www.sagiv.com) for detailed descriptions and specifications of each of Sagiv's Standard Products.

## Sagiv OEM & ODM Services

Sagiv offers its engineering power, forty years' of design experience, its creative and innovative approach, and its engineering facilities –all of which are yours for the asking. Sagiv main strength lies in developing special dedicated ball valves and other types of valves, according to customers' specification and/or concept.

## Sagiv UltraSlide™ Pipe System

Sagiv offers UltraSlide™, its patented Pipe System, which surpasses existing engineering approaches and features built-in protection against installation failure. UltraSlide™ is an innovative sliding pipe system that overcomes all the drawbacks of existing pipe systems and for the first time ever offers an ultimate leakage-free technology, Single-step operation, O-Ring free and Increase flow capacity.

## The UltraSlide™ system offers users the following benefits:

- **Easy to use** – There is no need for calibration & pre-expansion of the pipe edges.
- **Saves time on installation** - Single tool for 16-32mm pipes
- **Dry Forever** - The O-Ring is replaced by built-in Lateral protection.

More information can be found at [www.ultra-slide.com](http://www.ultra-slide.com)

## Seeking

- Major international investor that can leverage Sagiv's technology and capacities to the next level
- International Representatives/distributors for its standard product and services
- International partners that are interested in selling residential pipe systems – such as PEX pipe manufacturers, large distributors, large integrators, etc.
