Synergy cables Ltd. - A global supplier of power & electrical cables, with the ambition to become your main cables supplier. Established in 1934, we offer a complete spectrum of products for power and control applications, ranging from low (LV), medium (MV) and high voltage (HV) power cables up to 161 kV; control, airfield lightning, EMC and industrial cables.

Our business portfolio covers a broad range of production possibilities: Round, compact, flexible or shaped copper or aluminum conductors; XLPE, EPR or PVC insulations; single core or multicore; aluminium or steel, wire or tape armours; low smoke, halogen free and flame retardant; PVC, PE or polyolefine sheathed cables.

After 80 years of manufacturing, we are proud of having earned the trust of our clients worldwide. This was achieved by: top quality, reliable service, technical expertise and short delivery time.

These qualities have contributed to an increasing number of satisfied customers and new cable markets.

Synergy Cables Ltd. has a chain of distributors and customers in over 40 countries worldwide, as well as subsidiaries in the USA, Germany, Brazil and Canada.

The cables are designed and manufactured according to the most demanding specifications and international standards (UL, IEC, BS, VDE, AS, IS, etc.). The company is ISO 9001:2000, 14001 & 18001 certified. Our manufacturing facilities continuously incorporate the latest state-of-the-art equipment, technologies and management techniques. Rigorous vendor selection plus testing and monitoring, starting from raw materials through all stages of cable production, ensure quality excellence and years of trouble-free service.

Synergy cables Ltd. essentially assures each customer a tailor made solution to its needs, combined with logistical expertise.
