## Only Ashra can take these risks

We live in a world full of risks. A world of coups, severe economic crises and natural disasters.

Ashra, the official governmental export credit company in Israel, assists and accompanies Israeli exporters all the way.

Ashra insures export credit transactions in medium and long term (up to 15 years) and protects Israeli investments abroad.

Ashra insures against political and commercial risks - even where other companies can't. Ashra allows Israeli exporters to benefit from export credit and investment insurance backed by government guarantee and to offer long-term financing of export transactions from Israel all over the world.
