

Homeland Security Executive Certificate Studies (HSECS) Course

April 7-13, 2013 * September 6-12, 2013

We are pleased to invite security and law enforcement professionals with homeland security and anti-terrorism responsibilities to participate in an innovative Homeland Security Executive Certificate Studies Program (HSECS) in Israel.

This week-long seminar partners the renowned academic reputation of Tel Aviv University with the American Society for Industrial Security (ASIS) International, the world's premier organization for security professionals and ASERO Worldwide, one of the world's foremost experts on homeland security, counter terrorism and risk management. It combines **case study analysis, academic lectures and discussions** on relevant topics for Homeland Security with a series of **exclusive, professional on-site field trips** in the context of Israel's unique security environment.

Our Homeland Security course has attracted senior level officials from some of the largest public agencies and private organizations in First World countries including the Transportation Security Administration (TSA), the Canadian Air Transport Security Authority (CATSA), the Royal Canadian Mounted Police (RCMP), the Ministry of Home Affairs in Singapore and State and Regional Police Forces, among many others from countries around the world.

Upon completion of this seminar, participants receive a certificate signed by the Dean of Special Programs of Tel Aviv University recognizing the achievement of 40 academic theoretical hours in homeland security studies.

Testimonial

"The HSECS is the most professional and complete course that I have taken on the subject of HLS...If you can attend only one HLS course this one is a must."
