

SHALON

CHEMICAL INDUSTRIES LTD.

THE HOME FOR HOMELAND SECURITY

Shalon Chemical Industries is internationally recognized as a leading company in the development, design and manufacture of CBRN protective equipment for military, homeland security and industrial applications.

Extensive R&D facilities, combined with an innovative engineering staff, support the production of a comprehensive range of safety products, including a wide range of respirators, hoods, canisters and cartridges.

All production of Shalon is conducted in controlled processes monitored by rigorous quality assurance tests. The company management system complies with ISO-9001:2000.

Shalon has been always fully committed to customer satisfaction through attention to detail and dedication to quality.
