Defence Ltd. Manufactures Shooting Training Systems, among that the A1003/4/5 Active Target Systems.

Our Active Targets are the easiest and friendliest Hit & Time Scoring Pop-Up Targets ever used by professionals. The systems are portable & wireless and it takes less than 5 seconds to set them up and start shooting at them!

A.P. Defence Ltd. Is the no.1 producer and provider of Target Systems in Israel, and our systems are active in all the Israeli Law-Enforcement and Counter-Terrorism units, including Special Forces of the IDF, Israeli Police (YAMAM), Mosad, Sheen Beit, Ministry of Justice, Israel Airport Authority, Israel Weapon Industries (IWI) Academy, US Embassy's Security Academy, and all other governmental and privet Security Schools like M.E Roy Security & Training Academy, Elite Security & Protection Training School, Global Security, Herzliya Olympic Shooting Center, Caesarea (Dani-Hi) Shooting Ranges, Kfar Saba Shooting Ranges, Caliber3 Shooting Ranges and others.

"Using the A1004 targets is the most effective and most efficient way to practice. I use this innovative design from A.P. Defence for all our Counter- Terror courses because it gives the trainees a perfect training tool to prepare for real combat situations! They are easy to transport, they save time & money, and they last." (Head of Elite CT School)
