Integra-Team is a global provider of crisis and disaster management solutions for municipalities, corporations, educational institutions and private organizations.

Working closely with our clients, Integra-Team's world-class security experts diligently audit and assess organizational readiness and resilience. Our aim is to prepare the organization and its workforce to effectively and successfully manage a broad range of threats and assure maximal preparedness for extreme and unanticipated situations.

Integra-Team experts specialize in offering tailor made solutions based on the client's available human and organizational resources for a broad range of extreme settings, including natural disasters, counter terrorism and criminal activity.

Integra-Team develops and implements modular and scalable preparedness training courses that are meticulously designed to provide organizations, and the key individuals within them, with the skills and knowledge to maintain business continuity in the event of a crisis.

Our Services includes:

- Seminars, workshops & training programs
- Methodologies & specialized tool-kits for Executive leadership
- Simulations and benchmark assessments
- Modular & tailored solutions

Turnkey projects

Integra-Team's professional management and advisory board members each has decades of experience in the Homeland Security and Emergency Preparedness Sectors. This extensive experience, together with the most advanced technological protection systems, makes Integra-Team interdisciplinary professionals uniquely suited to ensure your organization's preparedness and optimal resilience.
