At KMG we educate and teach Law-Enforcement, Military and Security forces from all around the world.

Krav-Maga is a highly effective, battle tested Israeli system of defensive tactics, fighting skills, CQB and self-defense.

Modern Military, Law-Enforcement and Security forces need a way and tools to educate and discipline soldiers, officers and members of the elite units to achieve controlled, determine and aggressive fighting capabilities, as well as level headed, to fulfill their demanding and dangerous tasks. Self-defense, hand-to-hand combat and fighting in close quarters, topics and tools, serve the needs when firearms cannot or should not be used.

KMG – Krav Maga Global with its unique and excellent system and instructors give you a high level of education and training. According to documented testimonies from experts, commanders and officers from around the world who have experienced Krav-Maga training, the system is very practical, highly effective, easy to learn and to retain. Documentation is available.
